RE: Mobile Classroom Expansion

To Whom It May Concern:

I'm writing this letter to inform your department of our need for expansion. Mountain View Christian School experienced a record enrollment for this current school year and we anticipate an even higher enrollment for the 2006-2007 school term. This expansion will require the purchase of two additional mobile classrooms.

We are also growing in the area of church ministry internship program that is sponsored by Mountain View Assembly of God. This ministry is in need of a mobile classroom for expanded growth. This need constitutes our petition for a third mobile classroom to be added to our property.

If you should have any questions regarding matter, please contact either myself or our Facility Director, Rick Laswell. He can be reached by cellular phone at 702-271-3881.

Sincerely,

A handwritten signature in cursive script, appearing to read "Julie D. Townsend".
